# INTRODUCTION

## The Way to Wellness

Since our beginning in 1975, Impulse Health Tech has specialized in design, production and marketing of fitness equipment. In our 38 years of business, we adhere to our commitment to product innovation, superior value, and unmatched customer service which has successfully made Impulse a leading manufacturer and developer of fitness equipment. Impulse brand has been sold across almost 100 countries and are marketed to the commercial, light commercial and home-use markets, and our company is ISO9001:2000, ISO14001, ISO10015 and OHSAS 18001 certified.

Impulse also has more than 20 years OEM business experience, manufacturing fitness equipment for world leading fitness brands.

In May 2012, Impulse finished recapitalization dramatically and enter partnership with Beijing Olympic Games exclusive equipment supplier, and both sides will work together in investment, manufacture, technological innovation and marketing development. We believe that this cooperation is going to invent a new era in fitness world.

To learn more information about our company, please visit our global corporate site <http://eng.impulsefitness.com/>.

## Why Impulse:

- 38 years of experience manufacturing fitness equipment has established Impulse as the largest fitness equipment brand in China!
- OEM manufacture for world leading brands.
- Offering complete packages with a commercial grade focus at a competitive price.
- Critical components are selected from reputable and reliable international sources.
- Strong R&D department with over 60 electrical and mechanical engineers.
- Utilize industrial designers from the USA and European to participate in our product development.
- Impulse branded equipment is currently being used in over thousands of gyms worldwide.
- Located in a world class harbor city that has convenient transportation and daily ocean freights to worldwide ports.

# SL SERIES

TUBING: F50\*100\*2.5, J50.8\*76.2\*2.5

The Impulse SL line epitomizes robust, effectiveness and aesthetics with industry standard design that will redefine the concept of plate loaded strength training system. Unique isolateral movement matches mechanics of human body to help keep user free from injury, and also reduce the feeling of using machine.

Other features like smaller foot print, proper load points, minimum maintenance, and less complex use will appeal to athlete and gym owner. User friendly training program will help user understand our machine better.

# PL SERIES

DUAL MOTION

TUBING: RT40x80x2.5, USA LOOS Cable

WEIGHT STACK 1: 77 Kg / 170 Lbs

WEIGHT STACK 2: 113 Kg / 250 Lbs

PAD COLOR:

Black 

Gray 

Brown 

This dual-function line offer the most popular exercises delivered in an 8-model package. It's the perfect choice for light commercial applications where floor space is limited.

PL line is so simple and natural that it feels like custom-built for every user. 8 dual-function machines act as 16 different workout stations to provide a wide range of total body training options, and completely reflect human body mechanics. It's the standard of "Stylish" and "Concise".
